25 YEAR RE-REVIEW

10 September 1951

THRU : Chief, [redacted] OGC 25X1
General Counsel

STATOTHR

1. This is an excellent record and of possible future interest. At the moment I am particularly in need of experience in the type of general practice of the law which one gets in a large city and would prefer at least four to five years of such experience.

2. Also in an office this small we cannot make a choice without a personal interview, and at present I would say it was not worthwhile for [redacted] to make a special trip for this purpose. If, however, he comes to Washington, I should be very pleased to see him as an opening may appear with little warning.
